Even in China Women Clamor for Their Rights and Smash Windows

SUFFRAGISTS INVADE HALLS OF LEGISLATION

Rout Statesmen—Protest Against Educational Test as Discrimination

NANKING, March 22.—Chinese suffragettes today attacked the quarters of the National Assembly. They routed the statesmen, smashed windows, and wrecked the interior of the building.

The women were enraged because the resolutions granting them franchise rights also placed certain restrictions on their right to vote.

The attack was unexpected. The women crowded the assembly building corridors, rushed past the doorkeeper, denouncing the resolutions as discriminating against the majority of Chinese women because of the educational test prescribed. They inaugurated a free fight by pulling hair and scratching faces. The would-be suffragettes hurled chairs through windows, destroyed hundreds of official papers and rushed the streets from the building screaming.

The police attacked them in the streets and a second fight ensued. Several were roughly handled and many were arrested. It is believed the outbreak was inspired by the American and English suffragettes here.

COAL STRIKE MAY YET BE AVERTED

Conference Favorable—Monster Cotton Workers' Strike is Prevented

CLEVELAND, March 22.—Final efforts were made today to effect a settlement between the miners and owners to avert a strike of three hundred and fifty thousand buminous miners. Subcommittees composed of eight miners and eight operators conferred in utmost secrecy. The chairman of the operators' committee said before the conference that he expected a settlement.

GENERAL TEXTILE STRIKE AVERTED BY WAGE ADVANCE FALL RIVER, Mass., March 22.—By the posting of notices in mills where twenty-three thousand textile workers are employed, the Cotton Manufacturers' Association today announced a 10 per cent wage increase to all returning to work before Monday, and thus averted a general strike. The operatives had formerly refused a 5 per cent increase.

DROZCO PRONOUNCES MADERO AN OUTLAW SAN ANTONIO, Tex., March 22.—A decree by Gen. Orozco, the rebel leader, declaring President Madero subject to execution if captured, was brought here and published yesterday by Melchor Camacho, special envoy of Orozco, to Emilio Vasquez Gomez. Another decree warns Americans that contracts they make with the Madero government will be void if the present revolution triumphs. Both decrees are dated Chihuahua, March 13.

PAUL MAYBURY LEAVES FOR BODY OF DEAD SISTER

CHICAGO, March 22.—Paul Maybury, manager of the Maybury Trust Company, is en route for New York to take charge of the body of his sister, Mrs. Blanche Carson, the San Francisco society woman who hanged herself from a hotel window, following her arrest on a smuggling charge.

PACKERS' TRIAL PUT OFF CHICAGO, March 22.—The illness of Juror Bucklin caused the postponement until this afternoon of the packers' trial when the court convened this morning. Attorney Butler will conclude for the government when court reconvenes.

## RICHARDS' NAME USED ON A CHECK

East Fourth Street Rooming House Loser by Having Trusted Him

## LABORITES SAY ACTION WILL CONTINUE STRIKE

Wide-Spread Suffering, However, May Bring Both Sides to Accept Bill

TWO WARRANTS FOR MELVIN TYLER

Two warrants are out for the arrest of Melvin Tyler, one for the forgery of J. F. Richards' name to a \$23.50 check and the other for defrauding a rooming house.

Tyler has gone, and officers are attempting to locate him, but with little prospect of success.

Tyler and his wife came here several weeks ago and sought rooms at the rooming house of Mrs. R. S. McCullom, on East Fourth street east of the railroads. Tyler told a pitiful story of having been held up and robbed, and gave that as his excuse for having no money.

The couple kept the rooms until about three weeks ago, and paid no money. Mrs. Tyler worked for Mrs. McCullom, and her earnings came to \$16. That went on the rent. A balance of about \$20 was never paid.

Tyler and his wife picked up and moved to a rooming house on East First street near the railroads. The complaint charging fraud of a rooming-house keeper is sworn to by Mrs. McCullom.

J. F. Richards, proprietor of the Depot Store and Market at the corner of East Fourth and Breeden streets, swore to the complaint charging forgery. Tyler did a little work for Richards and was given a check in payment. Tyler evidently thought he could make Richards' signature go on a bogus check and he tried it, and worked it. The forged check was for \$23.50 and was drawn on the Farmers and Merchants' National Bank of Santa Ana. Tyler got the money. When the check reached the bank, the forgery was detected. By that time Tyler and his wife were gone.

Johnson Says Article Was Made Out of Whole Cloth; Incident Did Not Occur

SACRAMENTO, March 22.—Governor Hiram W. Johnson this morning, in unequivocal phrase, characterized as false in every particular the story in the Examiner of an alleged conversation in which La Follette is made to speak bitterly of Governor Johnson's attitude in the Progressive presidential primary campaign.

## La Follette Wrongly Quoted

The article goes so far as to invent a direct quotation in which La Follette is made to appear in a rage at Governor Johnson for his support of Roosevelt. La Follette is falsely quoted in regard to the statement that Governor Johnson had made a deal with Roosevelt in return for the nomination for the vice-presidency, the reputed quotation ending in absurd threats of reprisals.

Here is Governor Johnson's statement:

The conversation related in this morning's Examiner, purporting to have occurred between Senator La Follette and myself, is made out of whole cloth. It never occurred and never could occur.

Thus far I purposely have refrained from getting into any controversy in the presidential campaign, because it is obvious that controversy and strife are sought to be engendered among progressives by the reactionaries.

Statement Malicious Lie

I cannot permit, however, to pass unnoticed such a malicious and mendacious statement as that to which I have referred.

Now, one other thing, and I trust this may set the matter at rest during the remainder of the campaign. I have never spoken or communicated with Colonel Roosevelt or any of the leaders of the progressive movement concerning the vice presidency.

There is no candidacy on my part for the office. Statements in reference to activities, candidacy or thought on my part respecting the matter are without foundation.

In this campaign the progressive, big or little, who forgets the cause in thinking of himself is merely an ally of the reactionary.

HIRAM W. JOHNSON.

## WOMN TO OFFICER JULY 4 FESTIVITY IN NEVADA CITY

NEVADA CITY, Cal., March 22.—Women tides, and women in charge of every preparation and every department of the big celebration of the Fourth of July in this city will be a unique innovation. Various societies and organizations have made the annual celebrations in past years, alternately in Nevada City and Grass Valley, and this time the matter was placed in the hands of women. They have taken hold with a vim and are asking no assistance, except financial, from the men folk. The patriotic orations, even, will be by some noted woman speaker. All the committees are women.

FIRE DAMAGES KANSAS CITY STOCKS TO \$25,000

# HIGH SCHOOL TRACK MEET

San Diego and Santa Ana to  
Meet in Tug of War Tomor-  
row on Lincoln Oval

(By Vern Smith.)  
The Santa Ana High School track team have not forgotten the beating which they received from the Blue and White at San Diego. With this in mind they expect to get even with the San Diego track team at the track meet to be held here at Lincoln oval, at 2:30 p.m., Saturday, March 23.

The Blue and White's team is in good condition and has a good record. Waite of San Diego is their crack short distance runner. He carried away first place in the 50 and 100 yard dashes at San Diego, but the Santa Ana boys say his "doom is sealed" when he comes here.

The Red and White's relay team is in the best condition ever. Youngman, Lacy, Smith and Newcomer, have been training hard the last week and are expected to carry away relay honors. This is the relay team that beat Anaheim, Fullerton, Orange and Huntington Beach last Saturday, and are considered to be some "fast kids."

The hurdlers are "right there" also, being in better condition than ever before and they are also making faster time. Foutz, West and Wilcox are stand-bys in hurdling and they say they are going to trim San Diego in that line.

Foutz, West and Swanner are all vaulting higher than usual, and are waiting to clash with the Blue and White's men.

"Tiny" Barker is doing big things with the shot these days. He is beating his old record with the shot several feet, and he also expects to beat San Diego several feet, too.

Bates and Atkinson, those never-failing milers, are running better than they ever have. With hard training and under the direction of Coach Ratcliffe, they have developed wonderfully.

With all of these promising facts the Red and White expect to win many laurels at Saturday's meet.

The men who will enter for the Santa Ana High School are: Foutz, Smith, Youngman, Newcomer, Jacobs, E. Lacy, Tom Lacy, Keech, Swanner, West, Barker, Wilcox, Atkinson, Bates and Damron.

### ANAHEIM TAFT MEETING ON FOR NEXT FRIDAY

Collins Receives Machine to be  
Propelled on Water With  
Action on Air

NEWPORT BEACH, March 21.—W. W. Wilson was unanimously elected president for the fifth consecutive term at the annual meeting of the Newport Beach Chamber of Commerce Tuesday night. Albert Hermes was elected vice-president; Charles H. Wallace, secretary, and the State Bank of Newport, treasurer. The annual banquet will be held at the Newport Tavern on Thursday evening, April 4.

J. J. Schnitker will shortly begin work on a new brick building next to the Parker block that will have a frontage of fifty feet on the ocean front. The present residence building, bowling alley and photograph gallery on the lots will be moved off.

Mrs. R. J. Strauss, wife of City Trusted Strauss, is critically ill with whooping cough.

Mrs. Lottie Cloyes and children, of Chicago, who have been passing the winter here, left for their home Wednesday.

The Chamber of Commerce has contracted with J. A. Ricker for a painting of Newport Bay, eight feet square, which will be used for exhibition purposes.

W. S. Collins today received his new hydroplane for use on Newport Bay. It is expected that the boat will develop speed of better than thirty-five miles an hour. It is propelled by a 40-horse-power engine.

## SPECIAL SERMON TO THE YOUNG PEOPLE

Those who came to the services at the First Christian Church last evening were rewarded by hearing one of the best sermons Mr. Lowe has yet given.

Each evening the orchestra will furnish a special number before the song service. Tonight a male quartet will sing the special number.

The subject for this evening is, "The Open Door of Youth." This is a special sermon-address to young people, in which Mr. Lowe presents, in a helpful and winning way, those great questions of interest to the young, such as evil and how to avoid it; Love, its joys and dangers; and, How to lay the foundations for a happy and successful life.

Last night Mr. Lowe spoke from the text, "All things work together for good to those who love God." He said, "I think we will all agree that that which comprehends the good of everybody is the right purpose. One great movement in religion has emphasized the sovereignty of God, another the Freedom of Man. I thank God for both of them. All differences are reconcilable in the great love of the Father. His purpose is the salvation of man. We must work to that purpose or lose our place. The bank clerk that does not work to the purpose of the bank loses his position. We have no right to expect the one who does not work in harmony with the purpose of God to save him to be saved. God's purpose is the right purpose. His plan is the right plan, our lives in harmony with His purpose and man will be right lives. Anything less than this misses the mark, loses out, for eternity."

## FINE SPEAKER SECURED TO DELIVER SERMON

Orange News: Rev. Robert Freeman, of Pasadena, is the man who will deliver the commencement address to this year's graduates of the Orange Union High School. The acceptance of Rev. Freeman has just been received by Principal W. M. Flishback of the high school.

In securing the offices of the noted Pasadena man, the local school may well be congratulated. Coming to Pasadena to succeed the great McCloud, who went to New York, and who has been spoken of as one of the best speakers on the coast, Rev. Freeman is now considered fully the equal of his predecessor. Orange was unable to secure his presence last year, but this year, through the friendly assistance of President John W. B. Baer of Occidental College, his consent to deliver the commencement address was obtained.

## THE WOMEN AROUSED

Eight hundred of the leading women of San Francisco, drawn from every walk of life, unfurled the banner of Progressive Republicans at the Palace Hotel last Saturday afternoon and pledged their undivided allegiance to the cause and to the candidacy of Theodore Roosevelt.

Society women and workingmen's wives cheered the utterances of Governor Hiram W. Johnson as he exposed to the audience the causes which have led to the same struggle in the nation that took place in California two years ago.

"The placing of the human being above the dollar" was the theme of the state's chief executive, and with the same vigor that aroused the men of California during his memorable campaigns he brought the women to a realization of the fact that upon them now is an equal share of the responsibility for the conduct of the government.

Prolonged outbursts of applause followed the governor's utterances and resolutions endorsing the candidacy of Roosevelt were adopted amid the greatest enthusiasm.

The meeting in itself probably was the most significant held during the present campaign whether in northern or southern California.

The Taft leaders ten days ago endeavored to organize a woman's Taft Club, and according to the glowing reports of the reactionary press there were one hundred women present.

The Roosevelt meeting was organized by the women themselves and was a shock to the reactionary leaders in San Francisco who have resorted to every device to cloud the issue. Eight hundred of the leading women of the city responded and the reactionary press dared not indulge in its customary mockery of popular government.

PRESIDENT TAFT TERMED  
REACTION'S HIGH PRIEST  
BY COLONEL IN HIS REPLY

I prefer to work with moderate, with rational conservatives, provided, only that they do in good faith strive forward toward the light. But when they halt and turn their backs with the scorners on the sides of reaction, then I must part company with them.

Mr. Taft says that "every class" should have a "voice" in the government. That seems to me a very serious misconception of the American political situation. The real trouble with us is that some classes have had too much voice. The belief in different classes, each having a voice in the government, has given rise to much of our present difficulty; for whoever believes in these separate classes, each with a voice, inevitably, even though unconsciously, tends to work, not for the good of the whole people, but for the protection of some special class—usually that to which he himself belongs.

If Mr. Taft's language correctly describes such action by the people, then he himself and all other presidents have been elected by the "fifth," then the constitution of each state and the constitution of the nation have been adopted and all amendments thereto have been adopted by the "fifth impulse of a temporary majority." If he is right, it was another fifth impulse which perpetuated this nation.

I have scant patience with this talk of the tyranny of the majority. We today are suffering from the tyrannies of minorities. It is a small minority that is grabbing our coal deposits, our waterpowers and our harbor fronts—that is fattening on the sale of adulterated foods and drugs—that lies behind monopolies and trusts—that stands behind the present law of master and servant, the sweatshops and the whole calendar of social and industrial injustice—that is using our convention system to defeat the will of a majority of the people in the choice of delegates to the Chicago convention.

When, as the result of years of education and debate, a majority of the people have decided on a remedy for an evil from which they suffer, and have chosen a legislature and executive pledged to embody that remedy in law, and the law has been finally passed and approved, I regard it as monstrous that a bunch of judges shall then say to the people: "You must begin all over again. First, mend your constitution (which will take four years); second, secure the passage of a new law (which will take two years more); third, carry that new law over the weary course of litigation (which will take no human being knows how long); fourth, submit the whole matter over again to the very same judges who have rendered the decision to which you object. Then if your patience holds out and you finally prevail, the will of the majority of the people may have its way." Such a system is not popular government, but a mere mockery of popular government.

CATCHING UP WITH ROOSEVELT

By JUDSON C. WELLIVER in Mnusey's Magazine

## OTHER ROOSEVELT IDEAS

Although postal savings-banks had been in operation in many countries for a long time, little was known of the system in this country, and people who advocated it were widely regarded as cranks, until Roosevelt made it part of his program. He repeatedly demanded legislation establishing both this and the parcel-post. He pointed out that "postal savings-banks are now in operation in practically all the great civilized countries except the United States," and urged that a beginning be made in the direction of the parcel-post by establishing it on rural routes.

Although postal savings-banks were not opened until some time after Roosevelt had left the White House, his long fight developed the sentiment that made them possible, and this is fairly to be catalogued as one of his great accomplishments. Already its success is assured.

As to the parcel-post, the movement started by Roosevelt has now gained such headway and force as to assure early passage of the law providing for it. This will be another legal demonstration of the tendency to "catch up with Roosevelt."

When it became necessary to send troops a second time into Cuba to restore order, all the world believed

in useful legislation.

DEMOCRATIC FREE SUGAR BILL  
MENACE TO OUR BEET GROWERS

MILWAUKEE, Wis., March 21.—The prospects of the establishment of new beet sugar factories in California is attracting wide attention, owing to the danger of the passage of the Democratic bill providing for the removal of the tariff on sugar, but nowhere is the danger appreciated greater than in Wisconsin, for it was at a Milwaukee conference a few days ago that C. C. Hamlin of Colorado Springs, chairman of the executive committee of the United States Beet Sugar Industry, made his declaration that the Democratic bill would throttle the beet sugar industry, prevent the building of new factories at a cost of \$25,000,000 and

the expenditure of \$25,000,000 a year in the purchase of beets from farmers. The free sugar plan of the Democrats, he said, would give the sugar trust a monopoly of the industry, and he hinted in no mild form that once given a monopoly, and with the beet sugar industry destroyed the lower prices under the tariff would be only temporary. Last year's experience when sugar mounted to 8 and 9 cents a pound in some parts of the country when the beet sugar output for the year was consumed, was only an instance of what might happen with the sugar trust in control of the industry.

Mr. Hamlin's statement, which was made for the independents of the country, 90 per cent of whom are represented in the association for which he spoke, was as follows:

"If the tariff is cut the farmers who raise sugar beets will be the most immediate sufferers. The retention of the present duty will mean the investment of millions in new factories.

"The people generally are wholly ignorant of the sources of these attacks. The agitation is wholly inspired by the New York refiners and importers of foreign raw sugar, who see their business menaced by the competition of beet sugar, the interests usually known as the sugar trust.

"Every refiner who testified before the Hardwick committee and practically all the refiners on the eastern seaboard did testify, expressed themselves in favor of free sugar or, at least, a drastic cut in the present duty; and all testified that their reason for desiring the removal or reduction of duty was due to the fact that the beet sugar industry was menacing the monopoly which they once enjoyed.

All Right to Take Pictures, But  
Arrest if You Sell Without  
License

C. Volnagle, a traveling photographe, has found that it is no misdemeanor to take the photograph of the president of the Board of City Trustees, the city marshal, the city clerk and other city officials, but he has also found that it is a misdemeanor to attempt to sell any of the photographs. The information cost Volnagle \$10.

Volnagle's system is to enter a place of business, line up the employees and the proprietor, shoot a plate, and go away. A few days later he returns with the photographs and offers them for sale at so much per picture.

A few days ago Volnagle asked permission to take the pictures of the city officers. He got most of them. City Recorder Wilson and City Attorney Heathman were not on hand. Hence when City Marshal Wilson arrested Volnagle for operating without a license, the act being the sale of a photograph of the marshal and others, the city attorney prosecuted and the city recorder fined the man without personal knowledge that they were prosecuting and fining a man for selling their likenesses. Volnagle paid \$10.

## TIN WEDDING INVITATION

Mrs. Doerr Asks Friends to Join in Unique Observance of Tenth Anniversary

Mrs. Addie L. Doerr, who has for months been an invalid, has the column of the Register to reach the many friends who have sympathized with herself and husband and have made smooth as far as possible their hard way during the weary months of Mrs. Doerr's serious illness.

She tells them of her longing for some beautiful way of celebrating a wedding anniversary that will be here tomorrow marking the ten years she and her husband have walked Life's highway together. What she proposes is best told in her own words. Closing her letter of invitation, Mrs. Doerr says:

"For several years I had been planning of having a grand and glorious celebration when we had been married 10 years. Orange Co. should be invited to the 'tin wedding' of one of her daughters."

And many of the plans of mice and men may plans have gang agles.

Now the anniversary day is drawing near, and I cannot even have the 'parade' for tea."

But I cannot, and would not, if I could, do nothing to show all our dear friends how much we love them and appreciate their love for us during these months of our hard trial.

Now, I would ask all who will, to join us on our anniversary day, Saturday, March 23d, in a brief soul

meeting.

On that day, let each of us retire

for a moment, and close our hearts to the things of earth, opening them to the things of heaven. Let the tide of infinite love flow into and through us. Is there a married couple, who may need this, who are harboring bitterness in their hearts toward each other? To them I say: Let God's love enter in and melt the hardness. Be reconciled today.

By "returning unto God" you may all receive greater pleasure than possible from any form of entertainment I could offer.

Hoping many may join us and partake of God's love and peace, on the tenth anniversary of my happy marriage to John R. Doerr.

With love to everybody,

ADDIE HULL DOERR

## WOMAN FOR CABINET

That women are alive to political responsibility, realizing that it is indissolubly connected with the home, the welfare of children and marriage itself, is shown by the demands they make for place in councils of state, and even the nation. The latest demonstration of this fact is the proposed resolution to be placed before the National Convention of Mothers, now meeting in St. Louis. The resolution will ask for the establishment in Washington of a national department of child welfare.

"No one but a woman and a mother has a right to be at the head of the department of this kind," said Dr. Winekoop.

Divorce will be a thing of the past in the United States with in the next twenty years, according to a view expressed yesterday by Mrs. William B. Owen, chairman of the legislature committee of Illinois Congress of Mothers.

"We mothers must train and educate our children to have them know that marriage is a sacred institution and that is what the mother congress is doing."

"This teaching will, I believe, practically solve the divorce problem."

## Amphion Circle Meeting

Miss Ida Nay was hostess yesterday at the regular meeting of the Amphion Circle of the Congregational church, and spared no pains to make the afternoon a pleasant one.

The pretty parlors of the Sixth street home were adorned with yellow roses and Miles of white, the cozy interior presenting a pleasant contrast to the cloudy, shower day outside.

Yesterday's meeting was a purely social one, and was interestingly opened with an entertaining resume of current events by Miss Ava Wells. Pretty needlework and social chat passed the hours which were hospitality ended by the enjoyment of delicious ices in yellow tints, and cameo biscuits served by Miss Nay. A good number of the members were present in spite of the threatening skies and fitful rains that fell.

## Jolly So So Club Meeting

A delightful meeting of the So So Club was held at the Tuskin home of Mrs. Florence Smith on Tuesday afternoon. The time was passed in needlework and merry conversation. Those present were Madam Harvey Hanson, Florence Smith, Hellyer Gray, George Greer, Speer, A. B. Gardner, Misses Esther Patterson, Blanche and Lulu Minter, Myra Kirk, Blanche Tidde and two dear babies, Lewis Hanson and Samuel Gray.

After delicious refreshments had been enjoyed, the members planned a picnic to Balboa for the next meeting.

## W. R. C. Meeting Yesterday

The W. R. C. met yesterday afternoon and a profitable session was enjoyed in spite of the inclement weather. One application for membership was received.

All members who expect to go to Stockton to the G. A. R. encampment, as delegates or otherwise, are requested to call up the president of secretary by telephone at once, so that the committee in charge of transportation may be notified and satisfactory arrangements may be made with the railway company for the number who expect to attend. The convention will be held April 8-13 inclusive.

## Baracas Will Install

GARDEN GROVE, March 22.—Great activity in real estate, based upon big values in lots and land for prevailing prices, is reported by realty men of this thriving little city. And most of the transactions are in subdivisions, indicating increase of population rather than mere change of ownership, which means building and planting everywhere.

Lumber men, implement dealers, bankers, nursery men, merchants, all testify to the same effect—not merely of an increase in population, but a widening out of Garden Grove's trade territory. As the population of the town and immediate vicinity

increases new lines of business are started and those long established increase their stock and improve their facilities, so that trade is attracted from a wide range of country in directions.

Not only are the lands about Garden Grove, with their splendid independent and co-operative water supplies, highly productive in general farming, but of late there has been large planting of both citrus and deciduous fruit trees.

Small holdings are the rule—nobody needs many acres of Garden Grove land—"a little farm well-tilled" is the slogan of this neighborhood.

Besides there are many retired people with comfortable incomes locating in and around Garden Grove, attracted by the ideal home conditions which can be enjoyed at so small a cost.

Garden Grove boosters assert with confidence that within a very few years this charming little town will have a population of several thousand and enjoy all modern municipal improvements.

GARDEN GROVE TRACT  
IS BEING IMPROVED

GARDEN GROVE, March 21.—George Cook has bought the 20 acres just southwest of the depot on Ocean avenue from Chas. McKeen, and will subdivide it into city lots and half-acre tracts. Improvements will be made immediately on the property. A sidewalk will be laid along the northern boundary on Ocean avenue. Water will be piped to each lot also.

Many lots have already been sold and two houses are planned, with the prospect fine of having more in the near future.

HOMES INCREASE  
AT VERY RAPID  
RATE

Average of Seven New Residences Per Week is the Present Record

CONTRACTORS FORCED  
TO TURN WORK AWAYAll Sections of City Take  
About Equal Part in  
Improvements

So far during March there have been issued twenty-two permits for the building of residences, an average of one per day including Sundays. This is an increased average even over the splendid record of the last six months, and is assurance that the activity in building lines is not of temporary character, but is the natural outgrowth of the steady growth of the city. Permits show about an equal division as regards the different sections of the city, and show that the growth is not confined to any particular locality.

During the week ended last night seventeen permits were issued by Inspector Roper, calling for expenditures of \$20,260. This is an excellent record, in view of the fact that no large building is included in the list. The larger number of the permits were for substantial residences, ranging in price from \$1500 to \$4000.

Local contractors in every department of the building trades have all they can do, and many of them are being compelled to turn work away, or at least "stand off" prospective builders. The inquiry among contractors and architects indicates there will be no drop in the pace for some time to come.

Among the developments of the week was the announcement that the owners of the new brick building being erected at the corner of Sixth and Main streets have practically decided to add a third story to the building, to be utilized for apartments. This will be an important addition to a section which has been attracting some attention of late, and probably will be the cause of other projects being started in the same quarter.

Many Pretty Homes  
H. B. Heninger has started work on a handsome two-story frame residence for F. E. Keizer at 441 South Birch street. It will be modernly finished inside and out, and will be a notable addition to one of the most rapidly growing sections of the city.

Contractor A. E. Bird will erect three modern cottages for I. H. Bond on Parton street, between Second and Third. They will cost \$1200 and \$1500 each, and will be for rental purposes.

C. H. Chapman is building a modern six-room home at the corner of First and Birch streets. Every convenience and comfort will be found in the handsome home, which will be ready for occupancy about the first of May.

Maurice Phillips is having a California bungalow erected on his lot on East Fourth street, east of the Santa Fe tracks. It is being built on Santa Fe tracks. It is being built on room for a handsome residence to be erected in the future.

NEWS BUDGET

GARDEN GROVE, March 21.—H. C. White and A. H. Geisford, proprietors of the Garden Grove Machine Shop, were business visitors to Los Angeles today.

Miss Oakley from Los Angeles, is in Garden Grove visiting with her sister, Mrs. White, for a week.

Freight movements at Garden Grove have continued to be heavy, both incoming merchandise and outgoing. Many eggs and poultry are being shipped to the Los Angeles market. There has been a great deal of lumber coming in, getting ready for the big growth that is sure to come later. At present all the farmers are busy planting beets and potatoes.

Mrs. Sarah Minns is visiting her daughter at Newport Beach, Mrs. John McMillan.

Mr. and Mrs. Paul M. Hansen of Los Angeles were guests at the Carmichael home over Sunday.

Mr. and Mrs. W. M. Mills of Bisho, Ijyo county, former residents of this place, left yesterday for their home. They have been here on business interests.

Roy Christensen is home for a week-end visit with his parents. Mr. Christensen has been in Redlands for the last three months.

CASCARETS CLEANSE  
LIVER AND BOWELS

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation

Furred Tongue, Bad Taste, Indigestion, Ballow Skin and Miserable Headaches come from a torpid Liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good gentle cleansing, too.

RIVERSIDE FEDERAL BUILDING

Bids will be received at Washington, D. C., up to 3 p.m. of April 23, 1912, in accordance with the official advertisement in the Los Angeles Contractor and Builder, for the construction of the new United States postoffice building to be erected at Riverside, California. It will be a two-story and basement structure with a ground area of approximately 6200 square feet. It will be of fire-proof construction with concrete foundation and basement, brick walls, plastered exterior, tile roof, marble and tile floors, hardwood trim, plumbing, heating, etc.

Acreage Sold

Mr. Jos. Morrow has sold on his twelve and a half acres on North Broadway for \$12,500, to Mr. T. M. Condon of Villa Park. Mr. Morrow will move to the San Joaquin valley. Mrs. Geo. Pickering made the sale.

MUCH INTEREST  
IN PROPERTY  
AT BEACHSanta Ana Agents Have Sold  
Many Lots at West Newport  
Recently

There has been quite a revival of interest along the sandspit of Newport Bay. Revival? Hardly that, for the interest in that sandspit has been continuous for the last six or seven years. There has been an impetus in the interest along the sandspit.

At Balboa and Balboa Island there has been a good deal doing in the way of proposed improvements and sales. At East Newport and Newport Beach, things are looking good indeed.

At West Newport a special effort toward the sale of lots has resulted in a number of transfers. Overman &amp; Thomas of Santa Ana sold six lots at West Newport Sunday, and three since that time. In the week previous they had made sales there. They have also found considerable interest in Newport Heights tract, north of the Southern Pacific on the mesa.

HOTEL DEED  
IS ON RECORD

A deed to the Rossmore Hotel was placed on record today. The deed is from Susanna H. Annis H. Kate and J. Benton Van Nys, heirs of I. N. Van Nys, the Los Angeles hotel man who died recently, to C. E. French of Santa Ana.

There are two parcels described, one 90 by 100 feet and the other 35 by 50 feet, the lot being L-shaped.

The property was purchased several weeks ago, before the death of Van Nys, but the deal was not closed until after the death.

## The Greatest Piano Selling Event Santa Ana Ever Saw EILERS GRAND OPENING PIANO SALE

The many thousands of people throughout the southern part of this state who have long wanted good pianos, but who have been waiting until they could afford to buy a really standard make, need now wait no longer. EILERS is here. The greatest retail piano selling organization in the United States, is now permanently established in Santa Ana and places its magnificent new store at your disposal. This store will be operated on the same big, broad-gauge policy of SERVICE that has characterized the business methods of EILERS MUSIC HOUSE in San Francisco, Los Angeles, Portland, Spokane, Oakland, Seattle, and in the thirty-four other important coast cities where the name EILERS stands for musical merit. EILERS methods reveal many a hold-up elsewhere. The cash buying power of over forty stores brings to you, the retail buyer, the very best and most famous pianos that are manufactured, at less than wholesale prices. We buy pianos, not singly or by the score, but in fifty carload lots, and any piano manufacturer who can give us values in return for spot cash and large orders is welcome to come along with his proposition. We are your purchasing agents. We ask your confidence and your co-operation.

### The Foundation of all the Many Eilers Successes

In every city where this mammoth musical organization is established, the mere fact that our prices are so much lower, that we absolutely can and do save the retail purchaser from \$100 to \$250 on any make of piano—that fact has immediately created boundless patronage for Eilers, and has insured success from the start. Tremendous purchasing power plus a policy of small, quick profit mean lower prices than you have ever conceived possible. And the faster our pianos are sold the smoother our business runs, the more pianos we are able to manufacture and distribute and the less profit we can afford to take on each. The quicker we sell the lower our prices will be, and our opening price on any make of piano you may mention will insure its immediate sale.

Such prices would naturally attract retail dealers, since they are lower than the manufacturers' own prices. But on account of the richness of this feast of piano bargains we must decline to sell to dealers during the opening days of this sale lest our patrons be deprived of these wonderful values.

The Colossal Cash Purchasing Power of 40 Stores is  
Here to **SAVE YOU MONEY** on Any Make of Piano.

### Our \$1000 Challenge

We will give \$1000 cash to any designated charity if it can be proven that we do not manufacture, distribute and sell, wholesale and retail, more pianos on the Pacific Coast than the Southern California Music Company, the Fitzgerald Music Company, the Bartlett Music Company, the George J. ## FAMOUS LECTURER WILL SPEAK HERE

Madame Mountford, Chautauqua Star, to Deliver Series of Five Lectures

MADAME MOUNTFORD.

A coming event of real importance and interest is the series of five lectures to be given in Santa Ana by Madame Lydia Von Finkenstein Mountford, the widely known Chautauqua lecturer on Biblical Orientalisms and the manners and customs of the Holy Land. The lectures will be given on the following dates, at the First Methodist church:

Sunday, March 24, 7 p.m., "The Shepherd of Shepherds, or the Twenty-third Psalm."

Monday, March 25, 7:45 p.m., "The Ministry of Jesus."

Tuesday, March 26, 7:45 p.m., "The Childhood of Jesus."

Wednesday, March 27, 7:45 p.m., "The Manhood of Jesus."

Thursday, March 28, 7:45 p.m., "His Ministry, Crucifixion and Resurrection."

No admission will be charged at the door, Madame Mountford coming here most generously without a guarantee. A voluntary silver offering will be taken each evening.

Madame Mountford is a big Chautauqua attraction, and it is a really remarkable thing that she comes to Santa Ana under such favorable conditions for the public. She is a lecturer of fascinating personality, charm of manner and power of speech. Her interpretation of "The Shepherd Psalm" is a revelation and an inspiration, and is based on knowledge the speaker gained in her childhood surroundings in Palestine, where she was born, being a native of Jerusalem. She gleaned from the "unknown and mysterious phases of Oriental thought and life" much information that reveals the hidden meaning of many apparently obscure Bible passages.

It will not only be an intellectual treat to hear Madame Mountford but every person interested in the religious or literary features of the

## SOCIALISTS, NO SOCIALISTS IS PRINCIPAL ISSUE IN CITY CAMPAIGN ON AT FULLERTON

### Business Men's Party Endeavoring to Present Solid Front to What It Considers Menace to Harmony in City's Development

FULLERTON, March 22.—In the city campaign, now on, it seems to say those opposing the Socialists, suppose two Socialists are elected now, that would leave but one to be elected two years from now to get the coveted control.

The main question of the campaign is: "Will a Socialist get in?"

The Socialists believe that one, two and maybe more will get in, and whether they get in or not they expect to make an excellent showing when the votes are counted. They will be well pleased with an excellent showing, but much more pleasure will come to them should they land some of the city offices.

There has been a determined effort on the part of a goodly number of business men to put up a front to the Socialist ticket that will make the defeat of the Socialists all the easier.

The situation is this:

Two trustees are to be elected, each to serve for four years. The Socialists named C. G. Hamer, a boxer, and E. W. Emery. Four others were nominated, not by any particular political party, but merely as good material for the position. These four were E. S. Richman, nurseryman, Gustave Stern, merchant, Arthur H. Johnson, retired, and Mrs. Carrie E. Ford. That divided the strength of those who thought it best for the city's interests not to elect Socialists to sit in the city's governing body. The situation was cleared considerably when Mrs. Ford voluntarily concluded that she would not give way to the wishes of her friends who wanted her to keep in the race for city trustees. She withdrew.

That left two Socialists and three opponents, and it seems certain that the ballot will hold those five names.

Last Monday night there was a meeting of business men, who concluded to center their efforts upon two men, and Richman and Stern were chosen.

#### One Viewpoint

The attitude of the business men represented in the movement to back Richman and Stern is that with Fullerton's big improvements to be accomplished it is best to assure harmony in the council. They feel that a Socialist might make a fight for ideas that might not be conducive to harmony and the carrying out of the plans for its betterment in good roads, water and sewer.

There is no danger of the Socialists getting control of the city council at this election, for there are three hold-overs, E. R. Amerige, G. C. Welton and R. S. Gregory, who

have a good record.

Then comes the third man, who says that he is going to vote for the man, and he does not care whether he is a Socialist, Populist, regular Republican or Progressive Republican, a Presbyterian or a Methodist.

In a city the size of Fullerton the personalities and capabilities of candidates are generally well known, and there will be a goodly number of votes cast on the score of "knowing the man" regardless of his party affiliations, if he have any.

The Socialists have nominated a full ticket, and they are hard at work. A few evenings ago a public meeting was held boosting for the ticket, and it is estimated that between 250 and 350 voters were present.

That made the people of the city sit up and take notice. The Socialists were encouraged, and their opponents thought it time to look a little bit out. While the majority of the business men feel that the Socialists will lose out, they realize that if they go to sleep on the job something may happen. The realization of that fact has livened up the campaign, and things political are going

## Furniture of Merit

THE ARTICLE THAT HAS ACHIEVED SUCCESS THROUGH INTRINSIC MERIT, HAS MANY IMITATORS—MEN DO NOT COPY FAILURES—THESE IMITATORS NEVER TRY TO IMPROVE ON AN ARTICLE, THEIR SOLE AIM BEING TO CHEAPEN IT—MANY IMITATORS OF FURNITURE SUCCESSES.

After an article has won success through merit it is almost certain to have scores of imitators who make a similar article but cheapen it in every possible way so that it can be sold at a lower price.

This is particularly true of articles of furniture. There is a certain make of nearly every article of home furnishings that stands out pre-eminently the superior of all other makes—goods that have won their way to nation-wide success, solely on merit—goods where the makers' only consideration has been quality, both in materials and workmanship. When such a line has reached a well earned success, then comes the imitator with his substitute made of inferior materials and cheaper in finish, yet in the main bearing a close resemblance to the genuine, which is offered with "lower prices" as their bait.

It has been the policy of this store from the beginning to select the lines that have been built upon intrinsic merit—goods made by reputable manufacturers whose names stand for first quality and whose responsible guarantee is back of every article they make.

For many of these standard lines we have the exclusive selling agency for Santa Ana, because we are known as the Quality Furniture Store of this locality.

### Here are a few lines of National reputation for merit that are sold only by this store

Chas. P. Limbert's, High Class Arts and Crafts Furniture.

Hubbard Eldridge & Miller, Fumed Oak Living-room Furniture.

Jamestown Lounge Co., High Grade Lounges, Davenports, Easy Chairs, Etc.

Hawthorne Furniture Co., Living and Dining Room Furniture.

Macey Sectional Bookcases—Hoosier Kitchen Cabinets—New Method Gas Ranges—Wonder Washing Machines, Dreamland High Class Mattresses, Etc., Etc.

Although these are lines that have a national reputation for highest quality, you will find they are very moderately priced.

to be interesting clear up to the closing hour of election day, April 8.

Aside from city trustees, a city clerk and a city treasurer are to be elected. The attorney, recorder, marshal and other officers are appointed by the trustees.

For city clerk, C. A. Giles, printer, is a candidate for re-election. He received the endorsement of the business men who endorsed Richman and Stern. The Socialist nominee is F. C. Heximakalch. In this instance, the fight will be a straight case of Socialist against the rest of them, with, of course, the matter of popularity and personal friendships entering into the matter of vote-getting.

In the fight for treasurer, another element enters in. In Fullerton as in some other Orange county cities, the banks are nearly always interested in the treasurership, for the treasurer says where the city funds shall be deposited. At present W. R. Collis, the treasurer, deposits with the First National Bank. J. R. Gardner, opponent, is said to have the backing of the Farmers & Merchants' Bank. With the divided field, the Socialists believe that their candidate, J. S. Kidd, has an excellent chance to get the job.

If there is any element of quiet backing of Socialist candidates by others who have their eyes on the appointments to be made by the city trustees, it is not noticeable.

At Anaheim there is said to be open support given the Socialist candidates with the expectation that if the Socialists win the city attorneyship, the city recordership, and maybe some other offices will be forthcoming as reward. If there is anything of that sort at Fullerton, no one knows it. Even if the two Socialists are elected to the city board, they cannot deliver the appointment against the united votes of the three hold-overs.

Socialists all over the county are watching the municipal campaigns with keen interest. Anaheim and Fullerton are the central points of war. At Orange one Socialist, W. H. Wright, is running. He is out for city trustee and is one of the nominees of the opponents of the present city administration at Orange.

Fullerton is not indulging in criticism of its present administration.

SAVE YOUR TODAY'S "REGISTER"  
IT MAY BE WORTH \$1.00 TO YOU

Do You Read Advertisements?

The "Register" Proposes to Pay You For  
Looking Over Its Advertising Columns.  
Merchants Co-operate by Offering  
Additional Inducements in  
Merchandise

Three copies of today's Register  
will be redeemed at \$1.00 each. Articles  
of merchandise will be given  
in exchange for other copies.

Here is an opportunity for three  
register subscribers each to make a  
dollar with very little effort. It's  
easy money, as you will find by reading  
this article—which, by the way,  
may be the means of some of you  
making, or rather saving, many other  
dollars.

We are going to try to get more of  
our readers into the habit of reading  
the advertising columns of the Register;  
that's the principal reason why  
these dollars and other awards are to  
be given.

OUR PROPOSITION

In the box at the right of the head  
of today's supplement section, you  
will find a number printed under the line reading "This is the num-  
ber."

Each paper of the entire edition is  
numbered consecutively, beginning at  
100 and going on up to the end of the  
edition, which is approximately 3400.  
Three of these papers will be called for,  
by number, in next Tuesday's paper,  
and \$1.00 each will be paid to  
the three persons who bring them to  
the Register office.

Before the papers were distributed  
today we asked three citizens, who  
could not possibly know anything  
about where the papers would go,  
each to name a number somewhere  
between 100 and 3400; these numbers  
will be published in next Tuesday's  
paper. All you have to do is to save  
your tonight's paper until next Tuesday,  
and if it carries one of the three  
numbers called for bring or send it  
to the Register office and get your  
dollar.

"But what has that got to do with  
reading the advertisements?" you  
ask. Simply this: We are going to  
distribute the three numbers to be  
called for among the advertisements  
in next Tuesday's paper and we want

you to look through the ads. till  
you find them. It won't be difficult,  
as the numbers will not be placed in  
a way that would be misleading.  
You'll know the right numbers when  
you see them.

Now we want you to save today's  
paper complete, both sections of it,  
as we will not redeem a part of the  
paper, nor will we accept a torn or  
mutilated copy.

IT PAYS TO READ ADVERTISING

The one great object in making  
this offer is to induce our subscribers  
to read the advertising columns more  
carefully. If you are not in the habit of  
scanning the advertisements we  
want to make it an object for you to  
do so. We know you would find it  
profitable to read every merchant's  
advertisement in this paper, for the  
advertisements represent practically  
every line of business in the city, and  
in all this array surely every reader  
of this paper can find some article  
they want to purchase.

AND RIGHT HERE PERMIT US  
TO ASK IF YOU HAVE EVER REALIZED  
THAT BY WATCHING THE  
ADVERTISEMENTS IN YOUR LOCAL  
DAILY PAPER YOU CAN, NO MATTER HOW LITTLE YOU BUY,  
SAVE MANY TIMES THE PRICE  
OF YOUR SUBSCRIPTION, IN THE  
COURSE OF A YEAR.

How?

Why, simply by noting where a little  
can be saved on the purchase of  
things you need.

We know it to be a fact that every  
enterprising merchant always puts into  
his advertisements the best bargains  
he has to offer. Often as a special  
inducement he offers goods at  
special reductions on certain days,  
when the buyers can save anywhere  
from ten per cent to, in occasional  
instances, even as much as fifty per  
cent on their purchases.

There is another phase to mer-  
chants advertising that should appeal  
to those who are not particular

about following the strict letter of  
the fashions, or who by force of cir-  
cumstances are unable to do so, and  
that is the tremendous sacrifices made  
by merchants on goods that are about  
to go out of style. Often such goods  
are offered at a mere fraction of what  
they cost the dealer, simply because  
of the fact that he (the dealer) has  
received advance advice that such  
goods will not be strictly up to the  
dictates of fashion after a short time,  
and he knows that he can't afford to  
keep them in stock, so advertises  
them at whatever discount he considers  
necessary to move them quickly.

Then there are the seasonable  
goods that are only good during a  
short season. The merchant must buy  
all that he thinks he can sell during  
the season and usually when the demand  
begins to drop off he finds  
he still has a quantity on hand, down  
go the prices regardless of cost or  
profit and the careful buyer who reads  
the advertisements in the local daily  
can make substantial savings.

We could go on indefinitely pointing  
out the advantages of carefully  
reading advertisements, and only tell  
but small part of what might be told.  
This much can be depended upon, it  
will pay any housekeeper or bread-  
earner to get the habit of reading the  
advertisements. Your dollars will go  
farther and you will also be better  
able to judge where the best goods  
are to be found and where the greatest  
values are given.

Here is another incontrovertible  
fact: Go where you will, you will al-  
ways find the merchant who is the  
recognized leader in his line, in any  
community, is also a most liberal  
user of advertising space.

Advertising is in a great measure  
the store and office news of our city.  
Merchants tell of what is new in their  
respective lines. Many of them have  
something special to offer while others  
may offer certain articles at reduced  
prices, nearly all have something  
interesting to say about their  
business. As an instance, take the  
advertisement of Mr. Chandler & Son  
in this issue. They offer rugs at reduced  
prices, and judging by what  
their advertisement tells us, now is  
a good time to buy rugs at their store.  
Chandler & Son will give a \$2.00 rug  
to some one of today's papers.  
Save your today's Register until  
next Tuesday, it may be one of the  
papers that will be called for.

From week to week other mer-  
chants may offer certain articles from  
their stock, in order to get you to  
take a greater interest in advertising.

Now if this proposition meets with  
the support we expect, we will con-  
tinue it each week indefinitely, and we  
may even add to the value of the  
awards. If the papers bearing the  
numbers called for are brought in, we  
will know that subscribers are taking  
an interest; if on the other hand there  
are dollars not called for, we will  
have to try some other plan of interest-  
ing more people in the advertisements.

POTASH FOR ALL U. S.  
EXISTS IN STATE

Government Tests at Seales  
Lake Reveals Deposit of  
4,000,000 Tons

Los Angeles Examiner: California  
has enough potash to supply the  
United States thirty years.

This is the report of the United  
States government, according to dis-  
patches received from Washington  
last night. The report is based upon  
the findings of the government scientists  
who have been making exhaustive  
tests at Seales Lake, San Ber-  
nardino county.

The estimates made to the geological  
survey and Bureau of Soils at  
Washington are that the deposit may  
aggregate 4,000,000 tons.

Washington authorities believe, after  
careful study of the data, that the  
estimate of the field men is ultra  
conservative and that more than  
10,000,000 tons are available at  
Seales Lake.

The great value of the discovery  
is that the product is in readily  
available commercial form, the  
dispatch said. Potash is now to exist  
in many places in the United States,  
but in most cases no commercial  
means has been found to use it.

Hoyt S. Cale, representing the  
geological survey, and E. E. Free of  
the Bureau of Soils, recently took  
samples from six wells distributed  
over the salt flat.

Analysis was made at the Mackay  
School of Mines, Reno, Nev., and re-  
vealed the great value of the deposits.

which made bloodless surgery possible.  
Since it has been in existence  
the Nippon Club has entertained at  
one time or another all the distinguished  
Japanese who have visited  
New York, from Admiral Count  
Goto Heihachiro down. The club is  
planned and carried on in the best  
style of American clubs.

The Horse's Teeth  
Cutting the teeth in old animals is

years, thus enabling him better to  
grind his food.

## THE REAL VALUE OF THE SELF CRANKING

If you are familiar with motor car conditions you know that the Cadillac is practically outside the zone of competition.

Almost everybody is Cadillac-convinced—almost everybody concedes its unique reputation.

But have you realized the full and splendid extent of that reputation?

It was brought home to us (for the thousandth time) in a new way, the other day, when we banteringly asked one of the most prominent dealers in the Cadillac organization:

"Don't your customers ever speak of other cars in comparison with the Cadillac?"

And he answered in all seriousness: "Only those of the very highest price—and then not in disparagement of the Cadillac."

Conditions in this locality will confirm this.

Intensified by the luxury of the system which performs the triple function of starting, lighting and igniting, the  
PERFECTEDNESS of the Cadillac has reached a point which is not adequately expressed by  
the money cost of the car in comparison with existing price standards.

We can make immediate delivery of either of these models

BOTANIC GARDEN

Forestry Expert Shinn Points  
Out Possibility for South-

Los Angeles Examiner: Plans for  
the establishment of a big botanic  
garden for Southern California, as  
outlined by Charles H. Shinn, the  
United States expert on forestry,  
who is lecturing at the Land Show,  
have met with such popular approval  
that William May Garland, president  
of the Los Angeles Realty Board, de-  
clared yesterday that his organization  
is considering the best method  
of bringing the matter properly to  
the attention of the United States

government.  
"If you could establish here the  
greatest botanic garden in the world  
—greater than Kew, Calcutta or Mel-  
bourne, you might easily make it a  
center of museums, botanical schools  
of organic chemistries, varied horti-  
culture, landscape gardening and for-  
estry," said Mr. Shinn in a recent  
talk. "That would mean, in the end,  
a vast outdoor group of creative in-  
stitutions which would increase in  
importance every decade and would  
bring thousands of students to South-  
ern California.

THE CONSANGUINITY  
OF THE HUMAN RACEGod Determined in Advance the  
Bounds of the Nations.

Pastor Russell Finds Great Changes Imminent Amongst the People of the World—The Barriers of Language Yielding Because of the Approach of the Divinely Appointed Times.

London, March 17.—London Tabernacle was crowded today to greet Pastor Russell. Behind him on the rostrum were the six other members of the Foreign Mission Investigation Committee, viz., Gen. W. P. Hall, United States Army; Prof. F. H. Robinson, Dr. L. W. Jones, Mr. J. T. D. Pyles, Mr. E. W. V. Kuehn and Mr. R. B. Maxwell, all of the United States.

His text was: "God hath made of one blood all nations of men, for to dwell upon the face of the earth; and he hath determined the times before appointed, and the bounds of their habitations, that they should seek the Lord, if haply they might feel after Him and find Him." (Acts xvii, 20, 27.) He said:—

My text is taken from Saint Paul's address to the Athenians, whom he found so religious that they had erected an idol to every known deity, and then one prominently "to the unknown God." The words of my text have been repeatedly borne in upon my mind in my sojournings of the past four months. I marveled as I perceived the thoroughness of the division of the human family as a result of the confusion of language.

**Conditions Now Changing.**  
It should not surprise us to find at this time great changes imminent amongst the peoples of the whole world. The bounds of human habitation and the barriers of language are rapidly yielding because of the times of Divine appointment which have been reached, the period mentioned in Daniel's prophecy as "The Time of the End." (Daniel xii, 4.) And here we must remind you afresh that The Time of the End does not mean the end of time. It merely signifies the time for the ending of the present order of things, that a New Order, the Messianic Kingdom, may be substituted. Twenty-five centuries ago God determined this time and gave us four important proofs by which to identify it.

(1) The first sign of The Time of the End was to be, "Many shall run to and fro." How wonderfully this prophecy is fulfilled before our eyes today! Its fulfillment has been in progress, especially, for fifty years, and it is less than eighty years since the first locomotive was built. The nations, first separated by diverse languages, have kept well within the bounds of their habitations until now; suddenly we have a running to and fro in fulfillment of this prophecy which is amazing! The various nations and languages are being scattered all over the earth.

(2) The next step in the prophecy marking The Time of the End of this Age is, "Knowledge shall be increased." The general increase of education amongst all classes is a logical result of the countenancing of humanity and the lessons of comparison and competition being learned. Suddenly, as though in obedience to the Divine command, nation after nation has made schooling free; and more, have made it compulsory; and this spirit is spreading to Oriental lands. The whole world is waking up! Personal rights and national rights are everywhere being discussed. The schools of India are said to be turning out a million graduates in the English language every year. The Chinese also are introducing English schools. What will be the results? Enlightenment? Yes! Godliness? No! Contentment? No! Dissatisfaction, war, strife, anarchy, are coming to the world by leaps and bounds as a result of general education and the breath of liberty, because not backed by reverence for God and His will.

**These Days Will Be Shortened.**  
(3) The third item indicative of The Time of the End of this Age is: "The world shall understand;" not the world-wide, but those wise toward God. And so we find it today. While the great and the learned and the masses are rapidly drifting into heathenish darkness, away from the Bible, God's saintly few, of every nation and denomination, are gradually seeing more clearly the teachings of the Scriptures.

(4) As a result of the fulfillments of Nos. 1 and 2, we see nearing us, portentously, No. 4: "There shall be a time of trouble such as never was since there was a nation." That time of trouble is now looming up on the horizon of every nation. It comes in the wake of an unsanctified knowledge. It would mean the utter wreck of all civilization were it not for the interposition of the Kingdom of God's dear Son, for which we have long waited and prayed, "Thy Kingdom come; Thy will be done on earth as in heaven." Our Lord, speaking of this trouble, declared, "Unless those days were shortened there should no flesh be saved; but for the elect's sake those days shall be shortened"—because of the "elect," and the Kingdom which they will establish, that "time of trouble" will be cut short. Dan. xii, 1; Matt. xxiv, 21, 22.

### LOS ANGELES PRODUCE MARKET

The feature of the day's business was the jump in the price of onions. The market advanced .25 cents in range, leaving the market on a basis of \$4.50 flat on Yellow Danvers, Oranges, Australian browns and Nevadas, the varieties on the market. The advance was not unlooked for owing to the scarcity of onions and stocks in storage rapidly depleting. The market was firm at this advance and even higher prices may be expected shortly. No receipts were reported.

Potato advances were again noted in several quarters. Highlands, Lompoc and Oregons were up from 10 to 25 cents per hundredweight. Highland went to \$2.75 and \$2.85. Lompoc to \$3.25 flat and Oregons sold from \$2.85 to \$3.00. These varieties were firm at the advance, as were other grades which remained unchanged. Receipts were liberal, totaling 2857 sacks.

Recent receipts of Mexican tomatoes forced the market to decline materially. Fancy holdings sold at \$1.75 a 30-pound box and plenty of inferior stock was to be had at \$1.25. Green truck was in good demand, but receipts were such that dealers held former rates firmly. Cauliflower, celery and wax and green beans were in excellent demand from the outside trade with quoted prices firmly held.

There was little activity shown in fruits. There was a fair demand for bananas at the prevailing figure of 4 cents per pound. Cranberries were entirely cleared up and are out of the market. There was little demand for imported grapes at \$10 per barrel. A few boxes of winter Nellis pears were sold at the old range of prices.

The apple market was featureless. There was only a light movement of several varieties.

The egg market was steady at present quotations and is due to remain about on its present basis for the rest of the week. The receipts are about equal to the demand, and barring weather conditions no change is looked for in quotations. Very little stock is going into storage. Case counts were best in call at 21 cents per dozen. Receipts were 790 cases.

Butter was steady at quoted prices. There was a grading off in the demand for all grades, except creamy firms. Weather conditions probably caused the lack of activity. Arrivals were 28,859 pounds.

The firm tone which has characterized the cheese market for several weeks was again manifest. Tallow-milk Daisy cheese was quoted for the first time, at 24 cents per pound. Other varieties were unchanged. There was a good demand for northern fresh and domestic Swiss at quoted prices. Arrivals were 410 pounds.

The bean market was firm to steady. Receipts were 376 sacks. Sweet potatoes of good quality were in excellent demand at quoted prices, but inferior holdings were in light call with dealers offering concessions to keep the stock moving. Arrivals were 116 sacks.

#### NOTICE TO VOTERS

The great register of Orange county, for the year 1912, will be open to other county in the state of California, is now being compiled. All voters who expect to participate in the general election to be held on November 5, 1912, for the purpose of electing a state and county executive of the United States, and for certain state and county offices, must register on or before October 5. Registration closes for the presidential primary election April 12, for the state primary election August 2, and for the general state election on October 5.

## SPRINGTIME

Brings big doings in the Yucaipa Valley. Planting fifteen hundred acres more to apple trees, putting in surface crops, completing the great gravity domestic and irrigating water systems, grading miles of streets, building scores of homes on the 5 and 10 acres ranches all make it look mighty interesting to visitors and prospective investors. You ought to see the valley in the springtime, that is, if you want to see a great sight. Now, next week,

#### THREE TRIPS

Tuesday, Thursday, Saturday, March 26, 28, 30. One day for the round trip. At Redlands we take our big automobiles for a free trip through the valley and show you the whole outlay, dinner at the Yucaipa Tavern in Yucaipa City, and see famous Redlands, Riverside and San Bernardino on the return trip. The expense is only \$3.40. Remember all kinds of crops are grown in the Yucaipa valley. The soil is the very best, so is the water supply. Sold on easy payments. A good market right at home for everything you grow. A few hundred dollars starts a rancher in Yucaipa. Schools, stores, churches, growers' club, transportation, home market. Cool in summer, warm in winter. No fogs, no damaging winds. Right here in Southern California. That's enough. Prices will double inside of two years. Make your money work.

## ARE TO PLAY FOR PITCHER

Golf Club Members Make Arrangements for Interesting Tournament

There was a meeting of the Santa Ana Golf Club at Elks Hall last night to discuss plans for a ladies' tournament, changes in rules and the appointment of committees.

Mrs. Marcy has offered a beautiful pitcher as a trophy for the ladies' golf tournament. It is decided that each lady must play five rounds between now and the time of the tournament, handicapping to be done from the three best scores. It is probable that the tournament will be held in June.

The club last night adopted a new rule for handicapping. The system is automatic, so that should a player get too much handicap his score will be cut down.

F. B. Browning, the club's president, appointed George Shattuck, A. J. Kunk, H. T. Rutherford, Fred Parsons and Jack Porter as a committee on handicapping and grounds. The house committee chosen is L. L. Vesta, K. E. Watson, H. D. Connell, Mrs. Jack Porter and Mrs. H. T. Rutherford.

A rule adopted last night was that a ball going into plowed ground is out of bounds and the player must drop a ball over his shoulder and play from the point of the former play again.

Plans are under way for changing the west part of the grounds. Two or three new greens will be made to take the place of those that will be abandoned. A blackboard is to be put up in the clubhouse on which to keep scores of the members.

The Santiago Golf Club now has about sixty members. They are enthusiastic over the game, and enjoy an outing at the links, which are located at the head of Peters Canyon in a picturesquely spot.

## TEACHERS ENTERTAINED SATURDAY AFTERNOON

Orange News: Miss Alma Pixley and Miss Margaret Smith, entertaining the Orange teachers, were hostesses at a very charming luncheon Saturday. The Pixley home on North Olive street was the setting for the affair. Planned as a St. Patrick's day event, it was carried out with every success.

The Irish spirit was introduced at every possible opportunity from the time when the guests entering were each presented with a small green flag until the conclusion of the very dainty luncheon.

Games and contests were the chief means of pastime. Miss Blanche Shoemaker advanced the most accurate guess as to the length of time a small green candle would burn; Miss Shropshire came nearest to the number of beans contained in a brown bean pot, and Miss Biggs surpassed at playing progressive games which were carried on at small tables. Later at the dinner table the awards were presented to them, a brass candlestick to Miss Shoemaker, a small pot of beans for Miss Shropshire, and a green felt pig for Miss Biggs. The pig was found to be full of candy when its head was unscrewed.

The luncheon, served in two courses, was the crowning feature of the afternoon. The guests were ushered into the dining room, where all was darkened except for the soft illumination of candles. Real Shamrock, as well as the imitation, was used in the green and white table decorations, and, though some very real looking serpents of the self-same variety banished by St. Patrick himself peered from the shadows, yet even they could not stay appreciation of the dainty dishes that were served.

The list of guests included: Mesdames Smith, Bradshaw, D. C. Pixley and W. C. Pixley; Misses Parker, Plant, Shropshire, West Biggs, Shoemaker, Hatcher, Chadler, Finley, Northcross, Frances Pixley, Florence Pixley, Coffin and Rose.

## MISSOURI GIRLS TO "SHOW" HOW TO CAN AND GROW TOMATOES

FAYETTE, Mo., March 22.—Missouri girls are to engage in tomato growing and canning contests this summer and win honors, just the same as their brothers do who grow fancy ears of corn. A girls' canning club is being organized by the Missouri Home Makers' conference.

"The canning club will enable girls to earn money in their homes," says Miss Alice Kinney, president of the conference. "It will encourage families to live better and cheaper, and make farming more interesting."

Ability to grow tomatoes is the only qualification for membership in the club.

# Cottolene is Sunshine in the Kitchen-

Plenty of sun and air have cured more invalids than have the doctors. **Cottolene** is a sun-kissed product. It comes from the cotton fields of the Sunny South,

where the choicest seed is selected, the oil extracted, and refined, making a wholesome, healthful, vegetable product that makes "sunshine food."

Lard, on the other hand, never has, never can be anything but hog fat.

You take chances when you use it. It may not injure you; but it may cause indigestion and other troubles.

**Cottolene** makes food that any stomach can digest, contains no hog fat, and is the most healthful and economical cooking fat on the market.
